

Treasury Department,

Bureau of the Mint,

Washington, D. C., June 16, 1899

American Metal Co., Limited

No. 62 Broadway, P. O. Box 957

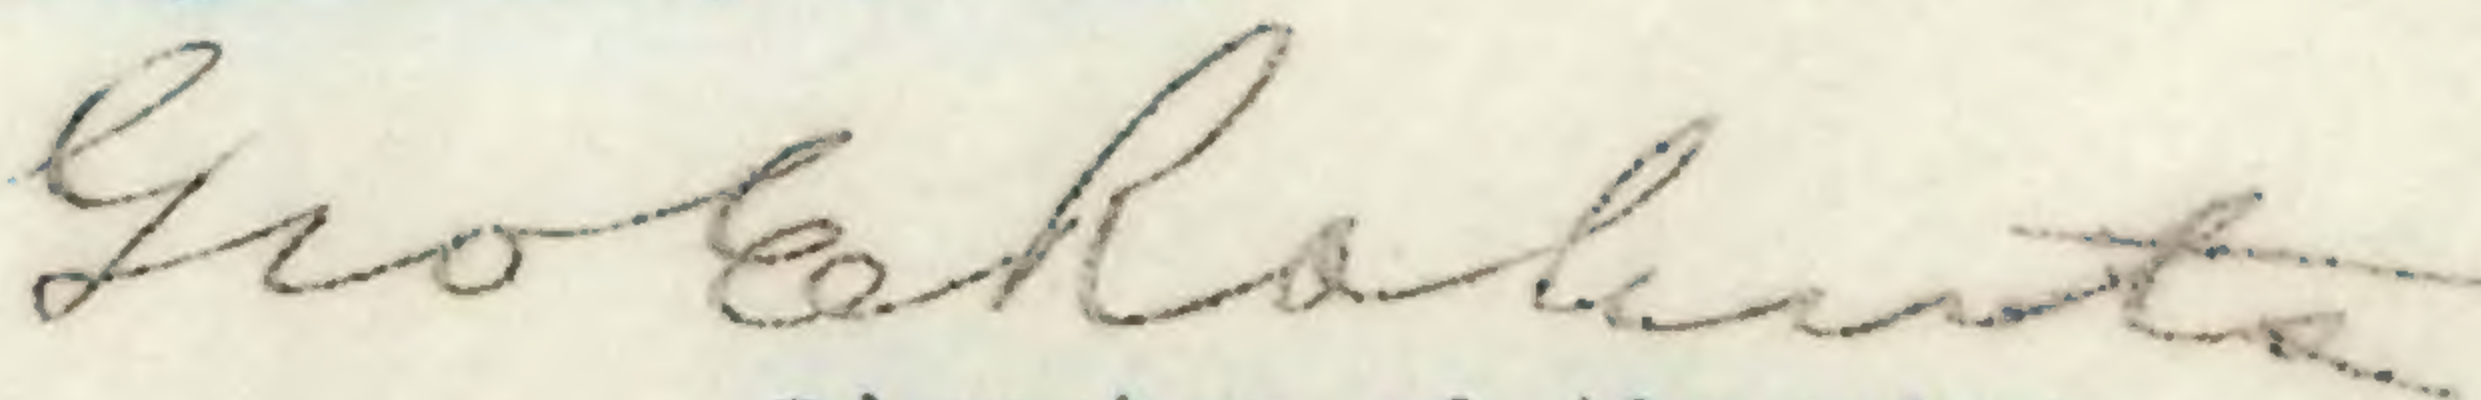

New York City, New York.

Gentlemen:

I will thank you to state the price per pound, at which
I would furnish, as required from time to time, to the Mints at
New Orleans and San Francisco, respectively, the copper which will be
required for alloying the coins of the United States during the fiscal
year ending June 30, 1900. It is essential that the copper should and
be guaranteed free from impurities.

The amount of copper required will be from thirty (30) to forty
tons by each institution.

Respectfully yours,

Director of the Mint.
